SECRET

IAC-D-55/9

FINAL

16 August 1955

C. COLLECTION

1. The Foreign Service

e. A marked increase has been noted in the availability and procurement of Soviet and Communist Chinese publications Issues of several important USSR bibliographical and technical journals have been obtained for the first time since 1947. To improve the exploitation of foreign language materials, the Committee on Foreign Language Publications (NSCID No. 16) has completed surveys of the exploitation of the publications on nine geographic areas of especial intelligence interest.
